..... APPROVAL ..... OF STATE ENGINEER

This is to certify I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change point of diversion of the waters of an underground source heretofore appropriated under claim of vested right as evidenced by Proof of Appropriation of Water No. 04885 is issued with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and measuring device must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times. This permit is issued subject to any determination of the waters of an underground source that may be made under adjudication proceedings under NRS 533.090 through 533.320.

The total combined duty of water under Permits 53922, 53923 and 53924 shall not exceed 132 acre-feet annually from any and/or all sources.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed.....0.22.....cubic feet per second, but not to exceed 132 acre-  
.....feet annually for irrigation and stockwatering purposes.....

Work must be prosecuted with reasonable diligence and be completed on or before.....April 30, 1992
